### MME. STEINHEIL AWAITS VERDICT

She Seems Confident of Acquittal  
As Does the General Public of Paris.

### STATE'S CASE IS NOT STRONG.

Herbert Rochester, Well Known Dramatist, Playwright and Other Celebrities in Attendance.

Paris, Nov. 12.—The public today awaits with confidence the acquittal of Marguerite Steinheil, guilty of innocent, the impression is general that the state has not made out a case.

Originally charging that she murdered her husband, Adolphe Steinheil, and her step-mother, Mme. Steinheil, the prosecution modified its allegations as the trial progressed, finally admitting that the accused woman might have been an accomplice rather than the principal in the death of her husband.

The confidence of the public is shared by the accused, her counsel and immediate friends.

This was shown when Mme. Steinheil entered the courtroom today. She had recovered somewhat from the physical collapse of yesterday and smiled faintly. Her counsel, M. Aubin, glanced first at his client and then at the courtroom triumphant as if his case was already won.

In case of her acquittal her friends have arranged to spirit the widow away to some quiet place in the country where she may recuperate from the effects of her trying ordeal.

All Paris, it seemed, clamored today at the doors of the palace of justice, when the legal drama upon the final act of the trial rose upon the stage. The accused woman, who has been in the hands of practically everything else for 10 days.

### ROCHEFORT PRESENT.

Among those who gained admission were Herbert Rochester, the veteran free press journalist, whose attempts to give the tragedy a political color have won for him a popular interest in the case; several well known dramatists, M. Poupard, a merchant of Lyons.

A juror explained that yesterday the foreman had complained of vertigo. Devalles ordered a physician to see Poupard and in the meantime suspended the sitting of the court.

Marcel Wolf, the former cook in the Rochefort household, and her son, Alexandre, both of whom had testified for the defense, contributed to the general excitement today with grand outbursts of emotion.

### MRS. WOLF AND HER SON.

Before the sitting of the court, Mme. Wolf and her son were told of the open invitation made in the court yesterday that they had been accomplices in the murder of Rochefort. Mme. Wolf, who had been in the courtroom for several days, declared she had never heard of such a charge.

"It is a good thing that Alexandre is not present in court when the investigations were made, for he has been, I would have raised a pretty row."

Mrs. Wolf made a great show of being furious and declared she would be present in court when the investigation was made. She had been in the courtroom today was seen in the courtroom today was seen in the courtroom today.

### GARFIELD CHAPEL OPENED TOMORROW

New Meetinghouse Built by Latter-day Saints of Pioneer Stake Has Been Completed.

An event of considerable importance to the residents of the smaller town of Garfield will be the opening of the new Latter-day Saints meetinghouse at that place Sunday. The building was erected by the people of Pioneer stake, and the meetings tomorrow will be under the direction of the presidency of that stake.

The first meeting in the new chapel will be at 10 o'clock in the morning, when a Sunday school will be organized. At 2 o'clock p. m. regular services will be held, when a branch ward of the Pioneer stake will be organized and officers chosen to direct it. President William McLaughlin and his counselors and members of the high council of Pioneer stake and others will comprise the visiting party from Salt Lake, and a general invitation is extended to all to be present at the exercises.

The purpose of the building of the chapel is to provide a place of worship for the people of Garfield, Latter-day Saints and others. The fact that such a place has been needed since the building of the meetinghouse was generally recognized, and to the credit of the Garfield Townsite company it is said, a lease on the premises occupied by the meetinghouse was given the Church for a period of 20 years at a very nominal figure, amounting practically to a gift of the ground.

The building was begun four months ago. It is constructed of red pressed brick and cost in the neighborhood of \$3,000. The new building is finished and is admirably adapted for the purpose for which it is to be used. The funds for erecting the building was contributed by the Church and the people of Pioneer stake.

### WEY EXPECTS TO LAND.

Says Favorable Reply Is Expected on Jeffries-Johnson Bill.

A. Fred Wey, proprietor of the Wilson hotel, who is heading a movement to land the Jeffries-Johnson fight for Salt Lake City next summer, said this morning that he had good reason to believe the Salt Lake offer will be accepted.

"I expect a reply in a day or two," said Mr. Wey, "and I feel quite sure that the project will be carried out. I have the money promised and can see nothing in the way of the project. If our bid is accepted the contest will take place at the Salt Palace arena where he will be able to beat 25,000 persons. It is our plan to give a carnival of sports of about three days' duration, such as bicycle races, wrestling matches and the big fight for the wind up. ### TAFT'S PRIVATE CAR INVADED

Hobo Sought Shelter in it. Locked Himself in Kitchen, and Caused Great Excitement.

### SECRET SERVICE MEN BUSY.

Trump Tried to Palm Himself Off as Brakeman—Arrested and Handled Over to the Police.

Washington, Nov. 12.—A meandering "hobo" seeking shelter from a ticket hunting conductor on board the "Federal Express," bound from Boston to Washington last night, wandered haplessly into President Taft's private car, the Mayflower, locked himself in the kitchen and created the greatest excitement of all the president's travels.

"Jimmie" Sloan of the secret service was given the opportunity of distinguishing himself by making a real arrest, while Will Anderson and Ed Letcher, the two presidential porters in the Pullman service, became real heroes.

The incident occurred just outside of Bridgeport, Conn., and it was to the authorities of that town that the "hobo" was delivered by the intrepid Sloan.

President Taft's car was switched on to the Federal express at New Haven shortly after midnight. Two local day coaches had been placed on the express ahead of the president's car and it was from one of these that the "hobo" found his way into the front end of the Mayflower.

Letcher, who discovered the "hobo" crouched in a corner of the kitchen, almost turned white, but in another minute he had pounced on the wanderer and had safely embraced him in arms that hugged with the grim strength of a grizzly bear.

"Letcher" called for Anderson and Anderson called for "Jimmie" Sloan. "Jimmie" said a few things to the tramp, who claimed at first to be a brakeman on the New Haven road. He was immediately discredited by the train crew and at Bridgeport was handed over to the police.

The president meantime was sleeping in his state room at the rear end of the car in blissful ignorance of the excitement ahead.

### WILL BUILD NEW SUGAR FACTORY

Negotiations Concluded by David Eccles for Building of Mill in Montana.

OGDEN, Nov. 12.—The long negotiations which Hon. David Eccles has been carrying on in regard to the location of a new sugar factory in Montana near the Fort Belnap Indian reservation, have been brought to a conclusion during the present week. Mr. Ed Dyer, of the Cleveland firm which has built most of the sugar factories of the west, has just left Ogden after practically closing the contract for the construction of the factory. Both Mr. Eccles and Secy. Rolapp are out of the city today, but at the office of the company the news that the contract had been let was verified. It is, of course, subject to the arrangement of such questions as railroad rates on building material, etc., but Mr. Dyer when he left Ogden was confident there would be no trouble on this score.

The plant is to be one of 600 tons daily capacity in beet slicing, and is to be erected next year. It is to be built at the small town of Savoy, a short distance from Harlem, a station on the Great Northern railroad, midway between St. Paul and Seattle. Savoy is about 150 miles northeast from Great Falls, Mont., and about 50 miles from the Canadian border. The district is a rich agricultural one, sparsely populated at present, but rapidly growing.

It was announced some time ago that Mr. Eccles expected to obtain a part of his labor from the Indians on the reservation, and that satisfactory arrangements had been made with the government to that end.

### KOTHIATIS TESTIFIES IN HIS OWN BEHALF

Greek on Trial for Murder Says He Shot Blindly in the Dark in Self-Defense.

John Kothiatis, who is on trial in Judge Thomas D. Lewis's court charged with the murder of Peter Getis at Bingham Canyon on Dec. 22, 1908, was on the witness stand during this morning's session of the court. Through an interpreter he gave in detail his account of the shooting. He declared that Getis fired the first shot, shooting him in the left arm, and then he drew his revolver and commenced shooting blindly into the dark from the direction in which he was attacked. During the duel he received two more wounds, one in the chest and the other in the right hand. When he was shot in the right hand he was unable to hold his revolver, and ran, making his escape. He testified that he did not know that he had killed Getis until two days after the shooting. When he was attacked he said that he believed that his life was in danger and that he drew his gun and fired in self-defense.

Two weeks before the fatal shooting he and Getis engaged in a duel in which several shots were fired, but none of the bullets took effect. After that he testified that Getis had made threats that he would kill him, and for that reason he left Bingham Canyon and went to Garfield. The night of the fatal shooting he went back to the boarding house to get his clothes and money, when he was attacked by Getis. Kothiatis was under cross-examination when the court took a recess at noon. The evidence will probably be finished this afternoon and the arguments will be heard Monday.

### BANDIT BULLOCK'S CAREER FINISHED

Boy Who Robbed Lawrence, Kan., Bank and Shot Cashier—Dead Of Self-Inflicted Wound.

### COMPANION TELLS HIS STORY

Young McKay Was as Bad as His Leader but Seemed to Lack Latter's Courage.

Lawrence, Nov. 12.—A curious throng of people here today viewed the body of Earl Bullock, the boy bandit, who committed suicide yesterday following the bold robbery of the State bank at Eudora, near here. The boy died at Eudora during the night and the body was brought this morning to Lawrence, where an inquest was held.

During the progress of the inquest, William McKay, the 18-year-old Jacksonville, Fla., boy who took part in the affair, anxiously paced his cell in the county jail. McKay was brought to Lawrence late yesterday to prevent a lynching and while all fear of mob violence had apparently disappeared this morning, the youthful bandit was plainly frightened.

McKay spent a restless and penitent night. He had no further desire, he said, to be a "real robber like Bullock."

Instead he inquired anxiously as to the condition of Fred Starr, the bank cashier, whom Bullock had shot in the jaw yesterday. For this crime, as well as that of bank robbery, McKay probably must suffer.

McKay was relieved when told Starr would recover. The cashier's wound is painful but is not considered serious. Because of his youth, it was decided to try McKay in the juvenile court, and it was planned to arraign him later in the day.

Bullock's father, a merchant of Kansas City, arrived here today to take charge of his boy's body, following the coroner's inquest.

After making a statement last night telling of the movements of himself and Earl Bullock for the last two weeks, McKay made a supplemental statement today. In his first statement the boy had said he was persuaded by Bullock to enter into the robbery and that his part in the affair had been almost forced upon him.

**McKAY'S STORY.**

On his second statement, McKay says:

"Earl Bullock and I in Jacksonville, talked over where we could make the biggest haul. We talked about robbing a grocery store belonging to Mr. Wynn. It was at my suggestion that we also discussed the fact that there was a large safe in Mr. Wynn's store and I told Bullock I knew how to blow open the safe. We decided we could get \$10,000 by robbing a bank near Kansas City that Bullock spoke about."

"Earl Bullock and I nearly all the time we were together talked about how we could rob the bank and I agreed with him that in robbing the bank we would not shoot anybody that interfered."

"I fully expected to get a big sum of money or I would not have agreed to rob the bank with Bullock."

Mayor S. D. Bishop of this city sent the following telegram to Mrs. William McKay, mother of Willie McKay, at Jacksonville, Fla., today:

"Your son William in county jail for robbing bank at Eudora, Kan. accomplished, Bullock killed, Bullock registered at Waverly hotel, Jacksonville, under name of Donaldson. The first is estimated at between \$250,000 and \$300,000, fully insured."

This reply came from Mrs. McKay this morning:

"Please keep my boy until you get my letter mailed today."

Upon receipt of this message it was decided to postpone McKay's hearing until Monday. Later it was decided that an inquest was unnecessary and Bullock's body was turned over to his father.

### WILL INVESTIGATE SUGAR FRAUDS

Scandal Growing Out of Them to Be Probed to the Bottom, Declares Secy. MacVeagh.

### SERVICE TO BE OVERHAULED.

Department of Justice Is Working in Connection With the Treasury in the Matter.

Washington, Nov. 12.—Secy. of the Treasury MacVeagh has come out with the flat statement that not only will he probe to the bottom the scandal growing out of the frauds committed in the New York customs house by the so-called sugar trust and its agents, but he proposes to renovate the entire service. He declares he will shoulder all the responsibility for such a campaign and that the investigation will be thorough and vigorous.

It has developed also that the department of justice is working in conjunction with the treasury department. Atty. Gen. Wickersham has been gathering evidence through his corps of special agents and the evidence is being worked up by the legal experts.

Secy. MacVeagh, however, indicates that he is going further than merely seeking to discover and punish those who have been guilty of wrong doing. It is understood to be his purpose to organize the force of inspectors who kept check on the general force. These inspectors will be familiar with the work of the custom house and they will be shifted from place to place.

The report sent broadcast that the sugar trust actually owes the government \$30,000,000 instead of \$2,125,000 in unpaid duties, which it paid under duress, the treasury officials declare, is absurd.

The same officials point out that the most careful examination of the books of the New York customs house was made and that every cent due the government was accounted for.

### NO FURTHER TROUBLE IN CAIRO

Cairo, Ill., Nov. 12.—Offers for the de-mobilization of the Fourth regiment of the Illinois national guard, which has occupied Cairo since early yesterday were expected. The absence last night of any sign to renew mob rule and the safe arrival at Kankakee of Arthur Alexander, who was escorted from here late yesterday by two companies of militia, led both the local and state authorities to believe there was no chance of further disturbance in this city. Alexander, who is suspected of complicity in the murder of Annie Pelley is the only individual in whom members of the mob now have any interest.

The announced intention of Sheriff Davis and General Wells was to land the negro at some point so far removed from Cairo that no attempt would be made to take him from the properly constituted peace authorities and it is the general opinion here that this order was fully accomplished by the journey to Kankakee.

It is considered altogether probable that at least half of the militia force of 500 men will be relieved during the day. Just what companies will be sent home is not settled but among the first to be relieved will be that from Carbondale, Champaign and Effingham. The first of these reached Cairo before daylight yesterday, hours in advance of any other companies except the 10th contingent of the regiment, while the Effingham and Champaign men were sent north to guard Alexander last night. They probably will be ordered home from Kankakee.

Whether a special grand jury is to be summoned to consider possible charges against members of the mob may also be determined today.

State's Atty. Wilson announced his intention of getting in communication with Judge W. N. Butler of the circuit court to confer with him concerning the advisability of calling an extra inquisitorial body.

It is likely, however, that the matter will be left for the next regular grand jury which is to meet early in December. Under present conditions of public opinion it is considered by the local police authorities that the chance of obtaining indictments against members of Thursday night's mob are remote.
